

WE WANT SAFE HEALTHY EQUITABLE SCHOOLS

Join MCEA for National Day of Resistance: A Socially Distanced Action

On Monday, August 3, the Montgomery County Education Association (MCEA) will hold a “National Day of Resistance” action in solidarity with the Demand Safe Schools Coalition (demandsafeschools.org).

Union members, students, parents, and community members will meet at 11:00AM in the parking lot of MCEA’s Headquarters at 12 Taft Ct. Rockville, MD to pick up signs, and lead a car protest to Comcast and Verizon stores, demanding that the multi-billion dollar companies provide adequate internet access for Montgomery County Public School students and educators, so that all students in our community can receive an equitable public education during distance learning.

EDUCATION IS A RIGHT!

Don’t forget to bring a mask and practice social distancing!

Sign up to participate: <https://bit.ly/DayOfActionAug3>

OUR DEMANDS of Comcast and Verizon

We demand that Comcast and Verizon, multi-billion dollar corporations, offer free internet access to all students and educators, and make it free from the time of enrollment until 60 days after full restoration of school.
